SUMMARY

Dedicated educator with 5 years of experience fostering strong relationships, providing personalized instruction, and supporting students in achieving their goals. Adept at engaging diverse audiences, managing multiple priorities, and delivering clear, empathetic communication. Seeking to leverage my background in education and relationship management to support students in their academic journeys.

PROFESSIONAL EXPERIENCE

Substitute Teacher, Allen ISD

Oct 2024 - Present

- Delivered effective classroom instruction to maintain continuity in education during teacher absences.
- Adapted lesson plans to accommodate diverse student needs and fostered a productive learning environment.
- Communicated effectively with students and staff to ensure smooth transitions and adherence to school policies.

3rd/2nd Grade Math/Sci Teacher, Sewell Elementary (Garland ISD)

Jun 2020 - May 2024

- Built strong relationships with parents, administrators, and colleagues to collaboratively address student needs and school goals.
- Selected by peers to serve on the GISD District Educational Improvement Council (DEIC) for two consecutive years, contributing valuable insights and fostering district-wide educational enhancements.
- Differentiated instruction to meet student needs of all populations, including SPED, 504, GT, EB, etc.
- Analyzed student performance data to identify areas for improvement, leading to an 80% growth rate on the Science MAP test.

Kindergarten Teacher, Chandler Elementary (Allen ISD)

Jul 2019 - May 2020

- Managed intricate internal and external communication channels for 25+ parents and caregivers, ensuring transparent, effective, and responsive communication to support student development and parental involvement.
- Coordinated and led school events, including parent-teacher conferences and student activities, to promote engagement and collaboration.
- Collaborated with internal teams (administration, counselors, and support staff) to ensure smooth communication and operations.
- Leveraged research and data analysis to assess educational trends, identify challenges, and develop actionable solutions.
